Scotch Shorthorn Cattle

Lewisburg, West Virginia

Saturday, September 21, 1940

45 females averaged	\$	300
4 bulls	"	\$ 817
49 head	"	\$ 304

This catalog contains the descriptions of 51 animals that we are proud to offer under the name and guarantee of Mörlunda Farms. All are of thoroughly modern type and all are backed by the richest Scotch ancestry,—absolute assurance that they will work improvement wherever they go. All of the heifers displayed above are to be sold in this sale.

GUARANTEE—

All cattle in this sale will be sold under the standard guarantee endorsed by the American Shorthorn Breeders' Association. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale without trouble to the purchasers, but at their risk of loss or injury.

TERMS—

The terms of the sale are cash.

HEALTH—

The Shorthorn cattle offered in this sale are from the herds owned by Oscar Nelson & Son and Wilson Bros., located on adjoining farms at Lewisburg, West Virginia. Both herds are Federally Accredited for Tuberculosis and Bang's Disease. Hence all cattle can be shipped immediately and are guaranteed to comply with the health regulations of any state into which they may go.

Here is a view of the beautiful Valley View Farm, owned by Wilson Bros., Lewisburg, W. Va., consignors to this sale. Shorthorn cattle have been bred on this farm since 1912.

Have you ever visited Greenbrier County in West Virginia? If not, you have missed a rare treat. Why not make this trip so that you can attend the important auction sale of richly bred Scotch Shorthorns which will be held at Mörlunda Farms on Saturday, September 21st?

And this is a view of beautiful Mörlunda Farms, owned by Oscar Nelson & Son, Lewisburg, W. Va., where the sale will be held on September 21st.

Located in a section noted for its beauty and the fertility of the land, Mörlunda Farms maintain a Scotch Shorthorn herd that is second to no other herd in the United States. The auction sale at this farm on September 21st will provide the choicest cattle to be sold this year.

We will be pleased to have you come in advance of sale day in order that you may have an opportunity to inspect the breeding herds at MÖRLUNDA FARM and VALLEY VIEW FARM. The two farms adjoin one another at a point 3 miles west of Lewisburg, West Virginia.

ANNOUNCEMENT

It is with great pleasure that we invite all who are interested in Shorthorn cattle to attend our First Public Auction at Morlunda Farms on September 21, 1940. Our interest in this great breed comes through our desire to provide for farmers in the Virginias the type of farm cow that will return sure profits under all conditions. We have established the herd with the greatest of care, using as seed stock the top animals from the strongest collections in the United States and Canada. In Edellyn Goldfinder and Advance Marksman we believe we have two of the best stock bulls in the land. Those who have visited the herd agree that every cow is producing a calf of thoroughly modern beef form and that all of the cows have the inherent ability to give an abundance of milk. We are proud to be associated in this auction sale with our friends and neighbors, Wilson Bros. We believe the cattle offered in this sale will please the most critical buyers and we are proud to offer them for your approval. It is our hope that you will arrive early enough on sale day not only to see the cattle but to inspect the herd bulls and the valuable collection of breeding cows that we are retaining.

OSCAR NELSON
OSCAR NELSON, JR.

Here are just a few of the beautiful heifers that have been produced at Mörlunda Farms. All of these are to be sold in this auction sale

No trip is too long and any cost of travel is perfectly justified when Shorthorns of such outstanding blood lines and quality are to be sold. The sale at Mörlunda Farms on September 21st will provide the finest buying opportunity of the year.

During the years I have traveled in the interests of the Shorthorn breed I have observed with great interest the foundation purchases that have been made by many breeders in the establishment of their herds. Following my recent visit to Mörlunda Farms, I concluded that Oscar Nelson and his son, Oscar Nelson, Jr., had done as fine a job in the selection of their original seed stock as any breeders within my knowledge. On the occasion of this visit I was given the opportunity to study each individual in the herd. All of the mature females were animals that I had seen when they were purchased as heifers and I was pleased to note that all of them were just as smooth and well balanced at maturity as I recalled them to be when they were purchased as top heifers in the auction sales of leading breeders. Moreover, all of them had proved regular producers and gave evidence of being liberal milkers. Most of the younger cattle were produced from the mating of these top females with the good stock bull Edellyn Goldfinder and the quality and style of these youngsters was further proof of the judgment used by Nelson & Son in their original selections. That the owners believe in offering their choicest productions in their auction sales will be clearly evident to all who are in attendance on sale day. The 46 head that are to be sold by Oscar Nelson & Son and the five that are to be offered by Wilson Bros. will make as fine a group as have been offered this year. Because the offering contains such superior individuals; because the Scotch bloodlines represented are so strong; and because the herds from which they are drawn are Federally Accredited for both tuberculosis and Bangs Disease, I feel that this sale will provide wonderful buying opportunities. The owners believe in top Shorthorn cattle; they are offering top Shorthorns in this sale; and they are retaining top breeding herds on both farms so that their work for the breed may continue.—Hal Longley of The Shorthorn World.

General Information

The Shorthorn cattle to be offered in this sale are better than any that have been offered at any auction sale in the East and South during the past score of years and as good as any that have been or will be offered anywhere in North America this year.

The sale will be held at Mörlunda Farms on U. S. Highway 60, three miles East of Lewisburg, West Virginia.

The sale will start promptly at 12:00 o'clock noon on Saturday, September 21, 1940.

Lunch will be served at the farm.

Those who arrive on the day prior to the sale will find splendid hotel accommodations in the town of Lewisburg, West Virginia, three miles from the farm.

Chesapeake & Ohio main line trains bearing visitors to the sale will be met at White Sulphur Springs, West Virginia, upon notification to Manager Kenneth E. Litton, of Mörlunda Farms.

Those who wish to secure further information regarding travel either by train or auto should get in touch with Hal Longley, Sale Manager.

We call your attention to the sale of the Virginia Shorthorn Breeders' Association at Stanton, Virginia, on Thursday, September 19th. Transportation will be provided from Stanton to Mörlunda Farms and an extra day has been left between the two sales so that visitors may have the opportunity to study the Mörlunda and Valley View breeding herds.

Those unable to be present and who desire to do so may send buying orders to any of the following reliable men, all of whom will be in attendance.

Mörlunda Captain

MÖRLUNDA CAPTAIN—

This dark roan son of Edellyn Goldfinder is out of a solid red cow by Brown-dale Captain. Maxwalton Farms states they are retaining all the females of this family with the exception of the dam of this bull for which we paid \$860. We are keeping her in our herd. Horn brand 14 will identify her for you on sale day. Mörlunda Captain is straight in his lines, thick, deep, smooth and an exceptionally good feeder. A good combination of breeding, color and feeding qualities.

*Rich ancestry and correct
type—a great
combination.*

MÖRLUNDA LORD ROTHES--

We are expecting this low set, thick fleshed, smooth calf to do well for us in the summer yearling class even though he is short aged. The combination of rich ancestry and correct type should insure a good breeding bull. The dark roan Rosewood dam of this calf has produced a red heifer and now has a dark roan bull calf at side which we like very much. The cow is being retained in the herd and you will agree that she is one of the better Shorthorn breeding matrons. Look for Horn Brand 23 sale day in the breeding herd.

MÖRLUNDA SERGEANT—

This dark red calf is the senior bull calf in our show herd. He is nicely balanced, level in his lines, very deep and short coupled with a wealth of character and bone. A full sister, Mörlunda Lavender, is the senior yearling heifer in the show herd and sells in the sale. We are keeping the dam of these lots in our breeding herd. She is a great producer. Her horn brand is 12.

Mörlunda Sultan 2d 2009940—This red calf is too young to look his best, but you will like him because he is so close coupled, low set and has such a good top. His dam, bred by James Douglas & Sons and sired by Imp. Brawith Boy is one of the best females in America both in type and breeding. Her red daughter also sells in this sale. We are keeping the dam of these calves. We paid more money for her than any cow on the farm, but she is among the cheaper ones to own. She was a consistent show ring winner and Douglas & Sons have produced many other winners from this same Orange Blossom tribe. Horn Brand No. 25 in the breeding herd will identify her.

Emma 33d 1840675—We are reluctant to add this grand producing cow to the sale list. We realize she will sell below her value due to lack of flesh. She is a very heavy milker and has produced some of our better females. She has a summer yearling show prospect in the sale. She sells with a solid red heifer calf at foot by Edellyn Goldfinder calved June 20th. This calf is very promising. She was bred back to Edellyn Goldfinder July 23d. It is hard to turn loose cows like this when you are building up a herd. We sold a dark red daughter of this cow in the 1939 Maxwalton sale.

MÖRLUNDA EMMA 2D—

This roan daughter of Emma 33d is an outstanding summer yearling show prospect. We are not selling one any smoother, more breedy about the head, or a more desirable female. We want you to note that she is a granddaughter of Edellyn Goldfinder. It is always gratifying to have them breed on and Mörlunda Emma 2d is living evidence that the blood of Edellyn Goldfinder does breed on. We sold a daughter of this heifer's dam in the 1939 Maxwalton sale for a nice price. This heifer sells open.

A grand summer
yearling prospect.*

MÖRLUNDA WATER LILY—

One of our very best heifers and a show animal in every particular. She is a rich roan that we are exhibiting in the summer yearling class this year. It would be hard to find a more ideal head or a heifer that is more even fleshed or has a thicker body. If you want a summer yearling that will win this year be sure to see her. Her dam sells in the sale with a solid red bull calf at side. It takes good cattle to make a successful sale and we are certainly providing that kind through such heifers as this one. She sells open.

MÖRLUNDA ORANGE BLOSSOM—

A dark red heifer selling bred to Advance Marksman on May 22, 1940. This mating should result in something special if there is anything to rich pedigrees, correct type and natural fleshing qualities. The dam is everything to be desired in breeding and type and she is a member of the most fashionable branch of the strong Orange Blossom tribe. Mörlunda Orange Blossom is low set, thick, deep, especially good at the tail and over the top. Someone will buy a great cow in this lot. Her dam is Horn Brand No. 25 in the breeding herd.

MÖRLUNDA FLOWER GIRL 2d—

This beautiful roan heifer is easily one of the tops on Mörlunda Farm. She is very low set and close coupled, carries a wealth of natural fleshing and is exceptionally deep of body. We are expecting her to do well as a junior yearling this year. A daughter of the same cow is the junior heifer calf in our show herd. The dam, Browndale Flower Girl 5th, comes from a famous Canadian show ring family and is a cow of excellent type and quality. Horn Brand No. 9 will identify her in our breeding herd. Mörlunda Flower Girl 2d sells bred to Advance Marksman on June 6, 1940. She would not be in the sale except that we are anxious to please the public in our first public auction.

MÖRLUNDA LAVENDER—

Every inch a show heifer and most certainly a promising prospect for a brood cow. This white heifer is the senior yearling member of our show herd. A full brother, red, is the senior bull calf in our show herd and also sells in this sale. The dam remains in our herd and we value her very highly. Mörlunda Lavender is one of the better daughters of Edellyn Goldfinder and, like all of his calves, she is smooth, breedy, refined and an exceptional feeder. We expect her to be safe in calf to Advance Marksman by the date of the sale. Her dam may be identified in our breeding herd by the Horn Brand No. 12.

Mayflower 34th and heifer calf

*This might be the top
pair—they deserve
attention.*

MAYFLOWER 34th—

We can sum up all the good things that we could possibly say about this heifer with the statement that she is selling as a very special attraction. In many respects she is the top cow in the Mörlunda collection. She sells with a beautiful red show heifer calf at foot sired by Edellyn Goldfinder and dropped Feb. 23, 1940. To make this pair a near perfect set-up for the buyer, she is safe in calf again since April to the great young sire Advance Marksman. Here is a show and breeding cow that is certainly in a class by herself. The sire of Advance Marksman is also out of a Mayflower cow in the Tomson herd. This is another reason we bred her to Advance Marksman.

We have never offered a better heifer for sale nor one of richer ancestry. This summer yearling daughter of Edellyn Goldfinder is of correct type, very short of leg, carries great depth and has a splendid head. She is a member of our show herd and the man who buys her can be sure of having top show ring honors. Her dam, a member of the famous Max-walton Missie family, is one of the most dependable cows in the Mörlunda herd. We regret that this heifer is not yet of breeding age.

*Don't overlook this heifer.
A top in any company.*

MÖRLUNDA AUGUSTA 4th—

This dark red daughter of Brawith Masterpiece out of Raveni Augusta 2d is about tops in pedigree and you will agree when you see her that she is a top individual. We consider her dam, sired by Browndale Pilot, one of the top breeding cows not only in the Mörlunda herd but in the country. You can identify her in the breeding herd by horn brand No. 18 on sale day. Mörlunda Augusta 4th is short coupled, set close to the ground on strong legs, very deep of body, with a smooth tail setting and thick quarters. Conner Prairie Farms own a half sister to this heifer out of the same cow and they have a right to be very proud of her.

MÖRLUNDA MERRILEES—

Any breeder is proudest of the daughters of his own senior herd bull. We are exceptionally proud of the daughters of Edellyn Goldfinder. This dark red heifer is the last word in thickness, depth of body and character of head. She is low set, has a perfect tail setting and is out of a red cow that we are retaining in the herd. Look for horn brand No. 21 in the breeding herd on sale day. We should not sell heifers of this type but again we state that our policy is to offer in our auction sales the best we have. A full brother of this heifer sold in the 1939 Maxwalton sale. She sells open.

bull.*

LEVELDALE LAVENDER —

She has top production ability, is a regular breeder and is one of the most richly bred females in the sale. She sells with a very promising white bull calf at side by Edellyn Goldfinder calved February 29, 1940. You will always have a young bull for sale because his next birthday will not occur until four years hence. This calf is good headed, deep, smooth and one of Goldfinder's better sons. She is safe in calf since late March to Advance Marksman. We ask you to consider this combination very carefully.

show and breeding
cow.*

KIRKLAND VICTORIA 5th—

She was bred in March to Anoka Air Clipper. She is a good individual and we believe that she will make a show cow as well as an excellent breeding cow. Study the bulls in her pedigree. Then bear in mind that her calf will be sired by one of the best breeding sons of the noted Imp. Scotston Airman. (Consigned by Wilson Bros., Lewisburg, W. Va.)

*Has produced two calves.
Should have another
by sale day.*

CLOVERLEAF ROSEWOOD 37th—

This grand young cow has produced two good calves and should have a calf by side on sale day as she is well along in calf to Count Max. We have both of her calves, one a two year old, the other a yearling. Both of them are the kind that we like and we believe you would like them also. Critical buyers should be greatly impressed with this pedigree which traces in the third generation to the Duthie bred cow Imp. Collynie Rosewood 3d. (Consigned by Wilson Bros., Lewisburg, W. Va.)

Valley View Water Lily 4th 1824582—A very feminine, refined red cow that produces regularly and is the dam of our dark roan summer yearling show heifer. This cow is a good milker and will lack some in flesh, but don't overlook what she is doing as a producer. Also, be sure to take note of the fact that this Lord Lovat Broadhooks cow is one of the most beautifully bred females in the sale. She sells with a solid red bull calf at foot by Edellyn Goldfinder calved June 4, 1940 and rebred to the same bull July 4. At Mörlunda Farms we believe in selling regular breeders.

*Traces directly to a
daughter of Avondale.*

V. P. I. COLLYNIE—

Is a breedy, refined heifer sired by Royal Browndale and she sells heavy in calf to Kirkland Golden Ring 2d, a herd bull in the College herd at Blacksburg, Virginia. The calves by this bull are especially close coupled and short legged. This very attractive dark roan heifer comes from the famous Queen of Scots branch of the Duchess of Gloster tribe and it should be noted that she traces directly to a daughter of the great Avondale in the fifth generation.

You will like her.*

KIRKLAND SECRET 4th—

This dark red heifer is modern in type, low set and thick. She has a beautiful head and comes from a great producing family of red and dark roan cattle. She is just of breeding age and we hope to have her safe in calf to Advance Marksman before sale date. This will be announced definitely at that time. Put a check mark beside this heifer in your catalog because we believe you will like her. The sire of this heifer is Anoka Air Clipper by Imp. Scotston Airman, used successfully by Miles-of-View Farms, Kenneth, Kansas. Her dam comes from the strong Cruickshank Secret tribe.
